Part 2: Open Space Specific Characteristics:

Wildlife & Plants Assessment

- 001-LA9.11.pdf

Please describe any notable parcels of open space or features of your open space – i.e. – a wash or river running through the property or a wetland / birding area.

Natural rock outcroppings were identified and left in place to maintain the native desert feel throughout the community. Additionally, several washes are present throughout the community.

What wildlife and native plants do you most frequently find in your community now? (NOTE – this is anecdotal, does not have to be a scientific study or exhaustive list)

Typical native desert plants such as Palo Verde, Acacia, and various species of cactus.

Are any herbicides, pesticides or chemicals of any kind used in your open space parcels?

No

Does your community currently have a management plan for the open space in the community

No

Does your community currently have a process in place to ensure that the open space will continue to be managed as open space once Taylor Morrison turns ownership over to an HOA?

Yes
