**NPS Budget**

15,000

**Cover Image****Description**

The Nature Play Space™ at Jordan Oaks offers exciting play opportunities to both children and adults. Lush beds of native plants greet families entering the space. A central, two-seat swing creates an opportunity for active, social play, as children challenge each other to see who can swing the highest. Meandering stepping stone pathways offer opportunities for further exploration, guiding young adventurers toward spaces to dig for treasure in the gravel play area, make discoveries in the sensory nook, and test balancing skills on logs and stumps. Those needing a break from the action can head to the nearby pavilion or open grassy area with a book from the lending library. With so much to do, Jordan Oaks has something for everyone to enjoy.
