\$2,000,000

Cover Image**Description**

The Nature Play Space™ at Comb's Ranch Unit 2 offers a mixture of play pieces designed in such a way to invite kids of all ages to play actively. The Stepping Log scramble will test children's balance, jumping, and climbing abilities while playing ON natural materials. Other manufactured play equipment such as swings, the 5-12 and 2-5 play structure, rock climber structure, and log crawl tunnel continue to encourage children to test their balance and bravery at different heights and levels. Those needing a break from the action can head to the nearby pavilion, seating areas, open grassy area, or stroll around the child-friendly butterfly gardens. The Nature Play Space continues to improve the quality-of-life in the neighborhood bringing the landscape and vegetation to children's daily outdoor play.
