Cover Image**Description**

The Nature Play Space™ at Legado is a grand and exciting playground for families of all ages. The play area replicates the natural desert landscape and winds along several pathways through a butterfly garden, a rolling hill, an interactive water area, and a botanical maze. There are many boulders to climb and musical chimes to play before heading to the mechanical water pump and creek bed to splash and cool off. Smaller children can dig in the sand while older siblings try their skills on the parkour course. Families can swing or relax in the shade while reading a book from the Lending Library. This unique space promotes active and imaginative play, ensuring that kids and families of all ages return for more fun. The natural features and pollinator gardens change with each season, offering new experiences year-round.
